

A diagram showing a three-tier cache hierarchy. At the top is a green cloud labeled 'P2P Cache'. Below it is a blue rectangle labeled 'Disk cache'. At the bottom is a red oval labeled 'Memory cache'. Dashed vertical lines connect the cloud to the rectangle, and the rectangle to the oval. A solid vertical arrow points upwards from the bottom towards the oval, labeled 'Request'.

***P2P Cache***

**Disk cache**

**Memory cache**

***Request***
